The purpose of Eagles Mere Boroughs web site is to provide access and support to community activities & events, local businesses, and mainly, borough information & services. It is intended to inform residents and visitors alike about our community and the surrounding area. It also promotes Eagles Mere as a vacation destination.

**Any organization or business in the “525” phone exchange** may receive one free basic page on the web site. This page can include contact information, descriptions, and photos. If the work and updates become excessive, the borough will bill \$25/hour, at the discretion of the web manager.

**Any organization or business outside of the “525” phone exchange** may have one basic page on the web site, for a fee of \$25/year. This page can include contact information, descriptions, and photos. If the work and updates become excessive, the borough will bill \$25/hour, at the discretion of the web manager.

Any organization or business that has their own web site can link to the Eagles Mere Borough web site free of charge.

Contact information must be kept current and can be updated any time at no charge (board members, phone or address, business hours, etc.) Major changes to listings should be done during the open period in December of each year.

All new applications should be returned to the borough office as soon as possible to allow time to process payments and get your information to the web manager. All fees must be received by the borough secretary by January 15 of each year. Fees not received by the due date will result in removal from the web site. New submissions and updates should be provided to the web manager by email: [embwebmanager@gmail.com](mailto:embwebmanager@gmail.com). Other arrangements can be made with the web manager if needed.

Should you need help with the application, contact the borough office or the web manager. Information and content provided by the clientele is solely their responsibility.
